REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "The fees paid by the Carrier in this case do not conform to the reimbursement section of Rule §134.404. Rules 134.403 and 134.404 are for outpatient and inpatient medical services, which are provided in an acute care hospital. TDI, DWC does not have a fee guideline for inpatient rehabilitation facilities. In absence of a negotiated contract, those services would be reimbursed at 'fair & reasonable' in accordance with Rule 134.1. Therefore, our client's claim would be reimbursed at 'fair & reasonable' at 100% of total billed charges."

Amount in Dispute: $24,154.17

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Texas Mutual claim [claim number] and the requestor are participants in the Texas Star Network... Because this is network healthcare Rule 133.307 does not apply. Rather, the requestor should access Complaint Resolution through Coventry Workers' Comp Services."

Response Submitted by: Texas Mutual Insurance Company

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all-applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305, sets out the procedures for resolving medical disputes.
2. 28 Texas Insurance Code Chapter 1305 applicable to Health Care Certified Networks.
3. 28 Texas Administrative Code §§10.120 through 10.122 address the submission of a complaint by a health care provider to the Health Care Network.

Issues

1. Did the in-network healthcare provider render services to an in-network injured employee?
2. Is the requestor eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.305?
3. What may be the appropriate administrative remedy to address fee matters related to health care certified

networks?

Findings

1. The requestor seeks a decision from the Division's medical fee dispute resolution (MFDR) section. The authority for MFDR to resolve matters involving employees enrolled in a certified health care network is conditional. 28 Texas Administrative Code §133.305 (a) (4) defines a medical fee dispute as "A dispute that involves an amount of payment for **non-network** health care rendered to an injured employee that has been determined to be medically necessary and appropriate for treatment of that injured employee's compensable injury. The dispute is resolved by the Division pursuant to Division rules, including §133.307 of this title (relating to MDR of Fee Disputes." The Division defines non-network health care in paragraph (a) (6) of the same rule as "Health care not delivered or arranged by a certified workers' compensation health care network as defined in Insurance Code Chapter 1305 and related rules …" That is, the Divisions medical fee dispute resolution section, may address disputes involving health care provided to an injured employee enrolled in an HCN, only if the out-of-network health care provider was authorized by the certified network to do so.
2. The insurance carrier's response indicates that both the healthcare provider and the injured employee are enrolled in the certified network. The Division notified the requestor that the disputed services were provided to an injured employee enrolled in a *certified network*. The requestor was provided with information/documentation outlining the dispute path for in-network healthcare providers and out-of-network healthcare providers. Review of the documentation in this dispute supports that the health care provider treated an injured employee enrolled in a *certified network***.** The requestor did not submit a response and/or submitted insufficient documentation to the Division to support that the disputed services are eligible for review by Medical Fee Dispute Resolution section. The Division concludes that the services in dispute are not eligible for review pursuant to 28 Texas Administrative Code §133.305.
3. The TDI rules at 28 Texas Administrative Code §§10.120 through 10.122 address the submission of a complaint by a health care provider to the Health Care Network. The Division finds that the disputed services rendered by an in-network healthcare facility to an in-network injured employee may be filed to the Texas Department of Insurance's (TDI) Complaint Resolution Process, if the health care provider or facility is dissatisfied with the outcome of the network complaint process. The complaint process outlined in Texas Insurance Code Subchapter I, §1305.401 - §1305.405 may be the appropriate administrative remedy to address fee matters related to health care certified networks.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution. This decision is based upon a review of all the evidence presented by the parties in this dispute. Even though not all the evidence was discussed, it was considered. The Division finds that this dispute is not under the jurisdiction of the Division of Workers' Compensation and is therefore not eligible for medical fee dispute resolution under 28 Texas Administrative Code §133.305.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 reimbursement for the disputed services.
